

DATE:	PROJECT:	TYPE:
-------	----------	-------

Architectural grade COB tape light designed for applications that require high output and seamless light..

## Features

- Very high output - 454 Lumens per foot
- Applications that need higher-intensity lighting
- Industry-leading 90 CRI
- Higher efficiency rate (reduces 25% of heat)
- High-uniformity, even at close working distances
- Superior thermal Performance, increased lifetime, stability and reliability

## Technical Information

Power Consumption per ft.	4.5 Watts	Dimmable.	Yes
Input Voltage	24V DC / 12V DC	Diode Type	2835 SMD
Diode Spacing	0.3 Inch	Mounting	3M™ Self-Adhesive Tape
Tape Height	0.1 Inch	Spool Lengths	16.4 FT - Custom
Beam Angle	120°	Location	Indoor AND Outdoor options
Field Cuttable	Every 1 Inches	Certifications	UL Listed, CE, RoHS
Max Run Length	50 FT (24V only)	Warranty	2 Year Limited

## Ordering Code

EX: SL-COB-LED-24V-30K-IP20

MODEL	VOLTAGE	CCT	LENGTH	RATING
SL-COB-LED	12V • 12V DC	27K • 2700K	Blank (16.4 FT)	IP20 (Indoor)
	24V • 24V DC	30K • 3000K	Custom (Consult factory)	IP65 (Outdoor)
		35K • 3500K		
		40K • 4000K		
		50K • 5000K		
		DTW • Dim-to-Warm		

SPECIFICATIONS SUBJECT TO CHANGE, CONSULT FACTORY WHEN CRITICAL.
